NRA Whittington Center Raton, New Mexico**

September 10, 2026, through September 17, 2026

General Information:

The events will be held at the George Tubb Range, NRA Whittington Center, Raton, New Mexico. The range is located 4 miles west of I-25 on US 64 south and west of Raton. More information on the Center is available at <http://www.nrawc.org/>. Additional housing is available at numerous motels in nearby Raton, New Mexico.

International Competitors:

For any questions or concerns, please contact: Randy Pike: baldeaglesrc@hotmail.com or 210-288-3515.

Entries:

Advance online entries and payment are recommended and preferred. Entries will be accepted starting on May 4, 2026. Register online at <https://www.targetscore.com/>

On-line entries will be hosted by the Oklahoma City Gun Club via Target Score. To register online, which is our preferred method, go to TargetScore.com, select OKC Gun Club Highpower Upcoming Events. Look for SOA and complete registration. Since we cannot accept funds for this match thru the Target Score system, please complete the attached entry form and mail it, along with a check payable to USNRT, to Pat Morris, 500 Avon Dr, Norman, OK 73072-3850. Team fees will be collected the day prior to the team event. While the use of Target Score and mailing in entry forms may seem redundant, we are planning to take advantage of the squadding and award features of Target Score to expedite match administration. **Mail-in entries close August 15, 2026, therefore individual entries and funds must be received by that date.**

Cancellation Policy:

There will be a \$25 non-refundable cancellation fee on all cancellations. Anyone who has not canceled three days prior to the first day of the competition will forfeit their entire entry fee. Cancellations will be accepted by emailing Pat Morris at xin-loi@cox.net.

Competitor Expectations:

All competitors are responsible for the contents of the match program, match directives, and NRA Fullbore Rules. At the end of each daily match, it would be appreciated if competitors could help put the range in order for the next day's matches. Any changes will be announced at the competitor's safety brief every morning at Eagles Nest.

Categories:

Target rifle, Any Rifle Optics, F/O, F/TR. There will be separate awards for each category. Five rifle types are required to make a category. The two F-Class categories may be combined if there are insufficient entries to support separate categories. Please note that the Spirit of America matches are NRA Registered matches.

Rules:

The rule books for NRA International Fullbore Rifle/F-Class will be used, available online at:

[2025-fullbore_rulebook.pdf](#)

[2026-f-class-rulebook.pdf](#)

Competitor Eligibility:

This competition is open to all. All competitors (including international shooters) are encouraged to join the NRA-USA. Applications are available online at www.nra.org. Cost for 1-year membership is still \$45.00. NRA-USA membership is required for setting National Records.

Competitor Classifications:

This is a classified match and will be conducted using the current NRA International Fullbore Rifle Classification system in all matches. Long Range classification will be used if you do not have a Fullbore classification. High Masters will have to register as a Master if they do not have a Fullbore classification.

Challenge Fees:

Challenge fees on the firing line will be \$5.00 USD paid at the time challenge is made, refundable if the shooter wins the challenge. A three-person jury system will make any necessary rule interpretations/applications. The match director will post the names of the jury members at the event.

Ammunition:

Individuals must provide their own ammunition. All ammunition is subject to testing.

- **Target Rifle:** For SOA only the bullet weight for the .308/7.62 must be less than 156 grains and the bullet weight for the .223/5.56 must be less than 92 grains.
- **F-Class:** Ammunition must comply with Rule 3.17 in the F-Class Rulebook.

Target Service:

Competitors will be required to mark and pull targets in all matches unless assigned to other duties or are exempted from target service by the Match Director. Competitors may be assigned to pull target points different than their assigned firing point. Grand seniors (70 years and older) are not required to pull targets but may be asked to help on the firing line or in the pits. ***Any competitor failing to perform their target pulling or scoring duties may be disqualified.*** There are no paid pullers available. However, you may bring someone to pull for you at **YOUR EXPENSE, and you will still be required to go to the pits** to be responsible for their performance.

Range Procedures:

- **Empty Chamber Indicator (ECI):** Safety is paramount! Rifles will have actions open, magazines removed, and an ECI inserted into the chamber at **all times**, except when on the firing line during the preparation period, or during live firing. ECIs will be available for \$1.00.

- **Procedure for Clearing the Line:** At no time is a competitor to leave the firing line with a loaded rifle! All competitors are responsible for safe rifles while on the firing line.
- **Preparation Period:** Once the competitors have their relay called to the line, they may place all their equipment on the line, except their rifles. Rifles must stay behind the ready line until the *two-minute warning* has been given. When given the *two-minute warning*, the competitors may bring their rifles to the line.
- **Blow-Off Period:** There will be a one-minute blow-off for each relay at the beginning of each day in the SOA Individual and team matches. Shots fired during the blow-off must impact the earthen berm behind the targets.
- **Time Limits for pair firing (Rule 8.2.2):** The time allowance for individual shooting will be 45 seconds per shot for all ranges. The time allowed starts from the command to commence fire and the target is raised in the case of the first shot by the first competitor. On subsequent shots, the time allowed starts from the time the target has been scored and recorded for the previous shot. In the event of an odd number of shooters, one target will be squadded three to the mound. No shooter will be permitted to shoot string fire.
- **Hearing and Eye Protection:** Hearing and eye protection is recommended on the firing line and in the pits. A billed hat is also recommended.
- **Speed limit** on range roads is 15 mph.
- **Range buses:** Unless there are fewer than 35 shooters, competitors **must** use range buses for transportation to and from the pits.
- **Cellphone use: Cellphone use is prohibited when firing, scoring, or performing pit duties (Rule 3.23) unless electronic targets are in use.**
- **Squadding:** All matches will be squadded by the Statistical Officer. Squadding will be available one hour before the start of the match, as conditions allow. After initial target assignment, shooting pairs will move two targets to the right on subsequent firing lines.
- **Daily start time:** All competitors must report to the statistical office by 7:30 a.m. each day. Matches will start at 8:00 a.m. each day unless the Match Director makes an announcement prior to the end of the match on the previous day.
- **Challenge period:** Preliminary scores for the daily matches will be posted at the range within one hour after last score card is collected for the day and at <http://www.baldeaglesrc.org> homepage by 8pm daily. The Challenge Period ends at 7:15 a.m. the following day. On banquet/ceremony days, a paper copy of the preliminary scores will be posted at the statistical office approximately (2) hours after that day's firing.

Special Accommodations: Special provisions may be made for competitors who enter the match as a Handicapped Competitor and/or a competitor who qualifies as a Grand Senior. Provided such needs are made known in a timely fashion, every attempt will be made to accommodate competitors with special needs such as sharing equipment. Sharing rides will not usually require special accommodation. Parking behind each firing line is permitted. *Competitors must make arrangements with companions to move their vehicles if the driver is in the pits during a line change.*

Targets: 300 yards – MR63; 500 yards – MR65; 600 yards – MR1; 900 & 1000 yards LR targets.

Awards: Winners of individual matches and/or SOA team events will be recognized after the challenge period on the next individual or team day during the morning range and safety briefing. Daily Aggregate awards will be presented at the Eagles Nest.

- **Classification awards:** For grand aggregate matches only, provided there are a minimum of five competitors within a classification (by rifle type, where F/TR and F/O may be combined). Classes will be combined upward as required except that the High Master Class will not be combined. If fewer than five competitors in the High Master classification, they will fire for place awards only. Competitors winning a place award will not receive a class award in the same match. The number of awards is determined by the number in the class. Second place and so forth awards will be given based on one award for each five (5) competitors, i.e., second 6-10, third 11-15.
- **Special Individual Awards:** High Junior, Senior, Grand Senior, Woman and Veteran will be awarded when 5 or more competitors are entered in any special category.
